

# Family History 101 — Handout 4

## Finding ways to serve on FamilySearch:

One of the blessings of technology is that it makes doing family history work much easier and more convenient than in the past. Even with only small amounts of time here and there we can help further the work of the Lord—from the comfort of our own homes!

## Family History ‘to do’ for the week:

- *I have 5 minutes to serve.* Choose an ancestor and attach one record from the “Record Hints” section of their profile page.
- *I have 15 minutes to serve.* Choose an ancestor and try to attach all of the records from the “Record Hints” section of their profile page.
- *I have 30 minutes to serve.* Choose an ancestor and view their family tree. Switch the view to “Descendancy View” and start resolving the tasks for that ancestor’s family.

“When you were baptized, your ancestors looked down on you with hope. ... They rejoiced to see one of their descendants make a covenant to find them and to offer them freedom. ... Their hearts are bound to you. Their hope is in your hands. You will have more than your own strength as you choose to labor on to find them.”

—Elder Henry B. Eyring, April 2005 General Conference
